What may have been the largest six-hand bridge score ever marked up by a Decorah bridge team was recorded one night last week by Gale Alm and Helen Haugen. According to Betty Becvar, a member of the women's club in which the two successful partners were playing, in those six phenomenal hands Gale and Helen amassed a total of 6000 points! This unusual game included three slams bid and made (two small and one grand), and three 700-rubbers!
